FOR THE BEST INTERESTS OF CAMPBELL AND COMMUNITY

VOL. 32, NO. 11 CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA. FRIDAY, SEPT. 10, 1926

California Ranch News

A total of 1875 cars of lettuce have been shipped from the Santa Maria valley this season as compared with 1300 cars to date last year.

Shipments of perishable fruit and vegetables from Kern county during July reached a total of 1460 cars. Watermelons, cantaloupes, peaches and grapes led in tonnage.

Thirty families have purchased land near Madera on which to locate rabbit farms for the raising of fur-bearing rabbits. This is a new industry for this section of California.

Mustard yielding between nine and fourteen sacks per acre is being harvested this season from 5,400 acres in the Lompoc vicinity.

Tom Chan, working the R. W Morgan ranch northwest of Hanford has successfully grafted the Ribier grape on the Thompson Seedless.

The San Joaquin delta has planted 7,000 acres of celery this year, an increase of 25 per cent over the area a year ago.

Work has been started in the main exhibit hall at Booneville, Mendocino county, which will house the showings which the orchardists of the county will exhibit at the fair.

California now ranks fourth among rice-producing states of the Union, having harvested 103,000 acres in 1925, from which an average yield of forty-six bushels per acre was secured. This yield per acre was exceeded only by Arkansas, which last year had an average per acre rice crop of 46.2 bushels.

The tomato blight, which had attacked this year's crop in many sections of the state, is reported in the semi-monthly truck summary issued recently by the California Co-operative Crop Reporting service to have been checked by more favorable weather conditions. Latest estimates place the condition of the crop at 80 per cent of a normal.

An outbreak of anthrax has appeared among the cattle herds of the Willows vicinity and already several head of the animals have died from the effects of the disease. This was the announcement made by Dr. M. Jensen, county veterinarian. Dr. Jensen warned all stockmen to exercise the greatest precaution to prevent the spread of the pestilence.

A few of the early shipments of Lodi district tokay grapes have reached eastern markets and, according to reports of sales issued by the Earl Fruit company, sold from $1.50 to $2.10 per lug. Although the grapes are now going forward at the rate of a trainload per day, but few of the grapes have reached the markets in the east.

Growing each year, Tuolumne county's apple industry this season promises to produce the largest crop in the history of the county. According to an estimate made by County Horticultural Commissioner H. H. Sherrard, between fifty and sixty-nine carloads of apples will be shipped by growers of this county, who also will supply between 800 and 1,000 tons of fruit to a local cider concern.

In the hop yards of Sonoma county where the harvesting of the hop crop is in progress hundreds of men, women and children are at work. This year the growers are paying $1.25 per hundred which is an advance of 25 cents. Hundreds of people from the cities and towns are picking hops this year. After this harvest grape picking will start. The hop yield is much larger than it was last season.

Although the ginning of the first bale of Kings county cotton last week set a record it will be some time yet before the harvesting of the cotton crop in the Corcoran area will be in full swing. The crop is showing up well and it is confidently predicted that the yield this season will be from 92 to 95 per cent normal in the area contributing to Corcoran and embracing approximately 13,000 acres with an average of a bale to the acre.

Two hundred and fifty acres of river bottom land belonging to the Holl[illegible] estate, lying along the Santa [illegible]ez river, and three miles southeast of the town of Lompoc, have been leased by Los Angeles interests. Lesses are installing an irrigation system which will carry water to every acre in the tract. Vegetable growing is to be undertaken on the property as soon as the irrigation system is in. The improvements, it is said call for an investment of $7,500. Lettuce and cauliflower will be the first crop put in.

Golden State
News of Interest to All

If you haven't time to make jelly now, can the fruit juice and make the jelly later on.

Buildings with a total valuation of $89,300 are under construction in Oroville's business district at the present time.

"Business is good in Inglewood," is the slogan adopted by the Inglewood Realty board at the instance of its secretary, Mrs. Minnie M. Baum.

Bakersfield's $50,000 Union avenue subway under the Atchison, Topeka and Santa Fe railroad company tracks is completed and was thrown open to motor traffic.

Architects have been commissioned to prepare plans for a Class A theater for I. C. Evans of Marysville. It will cost about $200,000, and will replace the National theater, which was destroyed by fire July 28.

Nearly 300 carloads of the 1926 crop of apples have gone out to state and interstate markets during the last two weeks, according to figures given out by Roy H. Davis, Watsonville Southern Pacific agent.

The sweet pea harvest is now under way in the Lompoc district. There are about 500 acres out to sweet peas in Lompoc valley and quite generally the crop has held up well under the drought, the pods filling well.

The poultry industry is spreading in the Grass Valley section to such extent that demonstrations in culling and pest control are to be given by experts from the University Farm at Davis.

Six out of seven California cities operating municipal gas plants during the last fiscal year completed the twelve months with a profit, according to figures given by State Controller Ray L. Riley.

The record established by the First National Bank of Fontana, during the first week of its existence when almost 600 accounts were opened and the deposits approached the $300,000 mark, surprised the bank officials and delighted the leaders of the fruit-and-poultry community.

The "cowardly coyote," isn't always cowardly. Believe it or not, M. M. Miller, Nevada county rancher, spent several hours in a tree top last week with an angry female coyote below him snapping and growling. The coyote attacked Miller when he penetrated a woodland glen where she was playing with her nine pups.

It took $80,820 to run the city of Berkeley during the first month of the current fiscal year, according to announcement of Budget Control Officer J. H. Jamison. The fire department spent the most money, a total of $18,244 with police second with $9,946, and the street department third with a $7,324 total. The total budget for the fiscal year is $1,215,000.

Arthur Markman, who has recently returned from Japan, and Charles Welch, both of Philadelphia, were in Kern county recently for the purpose of investigating local conditions for the propagation of silk worms and the growth of silk. "Silk culture may become an important industry in California, and I regard Kern county as an ideal place for its development," Markman said.

With a total budgeted expense for the current fiscal year of $1,267,033.34 including administrative costs and redemption allowances, the cost of government in Fresno city during the year will be $19.79 for every man, woman and child, as compared with a cost of $20.36 in the preceding year, when the total cost of government and bond interest and retirement was $1,303,266.27.

The famous 80-pound Calaveras Crystal, valued at nearly $500, is being exhibited for the last time at the California State fair, it was announced by Jarvis Lloyd who is installing the Calaveras county exhibit. The crystal, largest in the world, will go to the United States government soon as part of a crystal consignment to be used in making light-house and battleship lenses.

An electric archway to be installed at a point north and south of the city limits of Petaluma on the Redwood highway, featuring the World's Egg Basket, filled with eggs that has made the city far famed, was discussed at the meeting of the directors of the Chamber of Commerce. It is planned to have the archway brilliantly illuminated at night, with countless electric lights.

Registration of every one entering the Sequoia National Forest was decided a feasible alternative to the proposed closing of the vast hunting area, at a meeting of sportsmen of the San Joaquin valley held at Lindsay with Supervisor F. P. Cunningham of the forest. The meeting was called to devise means of lessening the fire danger during the deer season, which opened September 1.

A TOUCH OF OLD SPAIN

These entertainers have been brought to the Sesqui-Centennial International Exposition in Philadelphia where 150 years of American Independence is being celebrated, by the Los Angeles County, California, Chamber of Commerce. The westerners have built a fine old Spanish mission in the Palace of Foreign, Civic, Fashion and Agriculture Display and there show the resources and advantages of their native heath. The musicians and dancers entertain all visitors who enter the patio to rest a bit after "doing the exposition." The Exposition continues until December 1.

An 80-foot blue whale, weighing seventy-five tons, was captured by the Norwegian whaling ship, Hanka, after a spectacular four-hour battle off Catalina Island. The sea monster towed the Hanka twenty-five miles after he was first harpooned, according to officers on the whaler. Captain G. M. Bryde, who directed the catch, said it was the "toughest" battle in his thirty years of whaling experience. Three 100-pound steel harpoons, each loaded with a T. N. T. bomb, were fired into the vitals of the whale before he gave up his battle.

More than 500 growers and citizens of "The World's Great Peach Bowl," of Yuba, Sutter and Butte counties assembled at Marysville in the Hotel Marysville, for the "Harvest Banquet" that climaxed the first annual "Peach Festival." The display consisted of Phillips cling peaches, the principal product of the three counties that raise more than half the world's canning cling peaches. In the display was the huge bowl, seven feet in diameter and containing nearly a ton of peaches.

The mental health of a child is nurtured through praise rather than scolding, according to a word of advice given California parents by the state board of health. "Through praise rather than scolding, through happiness rather than failure, the child acquires an elementary optimistic philosophy of life," said the board in advocating less scolding. "He acquires also a sense of value and a sense of security which are very important for health of mind."

An exchange of visits between the San Francisco Chamber of Commerce and other industrial organizations of that city with the Porterville Chamber of Commerce may be arranged for this fall or next spring, according to W. S. Shippey, president of the Porterville organization, who has returned from a conference with San Francisco commercial bodies. The object of the tours, said Shippey, is to establish closer relations with the metropolis and the Porterville district.

Plans are being prepared for a two-story reinforced concrete research laboratory building for the Stanford University campus, Palo Alto, the funds, $100,000 being provided by the Rockefeller Foundation. The structure will comprise central portion of two stories, on either side of which will be two L shaped wings of one story, enclosing a courtyard for a small botanical garden. One wing will be used for research and the other for laboratories.

Marking the golden anniversary of the driving of the spike that completed the rail connection between northern and southern California, an all-day celebration was held September 5, at Lang, twenty miles north of Saugus, the scene of the completion of the work. A train as nearly duplicating the train of fifty years ago as possible left Los Angeles to meet the most modern express from the north at the historical site.

At the regular auction of the California Farm Bureau Marketing Association in Tulare recently, six carloads of hogs, twenty-two cows and seven calves were sold. The sale was one of the largest in the local stockyards in some months and brought top price of $13.95 for the porkers. The twenty-two cows brought a total of 987, running from $11 to $74 per head. The calves sold from $3 to $38 bringing a total of $152.25.

KAMPBELL KIWANIS HEARS SUNNY JIM

Dr. J. H. N. Wiliams of the First M. E. Church of Santa Cruz was the speaker at the Kiwanis luncheon Wednesday and gave a most interesting, entertaining and enlightening talk. His theme was "We come out of a great past and enter into great tasks" assuming greater tasks with every step of progress. The day of individualism is passing and the day of collectiveism is here which gives rise to the cooperative movements as sponsored by the several service clubs of today. All service clubs are working through the individual toward a more moral and religious end and it behooves every member of such clubs to do his bit by carrying on the work through his own line of endeavor.

Hal Morton wielded the hammer in a most "daring manner" which very materially fattened the Kitty. The men were certainly pleased to see Abie Gilson at the table again after a forced absence of three months..

Mountain View will flock to Campbell next week.

nrlrT a teairld shrdlu shrdl bbzz

Mrs. Annie Carry, 89, who came to Santa Rosa, sixty years ago, crossing the plains, died in Santa Rosa last week. Mrs. Carry was long interested in the work of the "Ladies of the Grand Army of the Republic."

Kern county has almost 102,000 trees now bearing citrus fruit, according to authentic compilation at Bakersfield, of which 100,000 are oranges, 800 lemons, and the remainder grapefruit.

A crew of women and girls recently commenced the grading and sorting of dried peaches at the big plant of the California Peach and Fig growers in Hanford, where the fruit has been arriving in large quantities for some time. An advance payment of from 3 to 10 cents, a pound is being made for goods delivered, ranging from 3 cents for G grade to 19 cents for extra fancy. Raisin picking has also commenced and many tons of Thompson seedless grapes are now going on the trays daily. The receipt of dried peaches and raisins at the same time is something heretofore unknown and is due to the unusually early maturing of the raisin grape crop.

Blackbirds are so numerous in Anderson valley, Shasta county, they are a pest, particularly where farmers are growing Egyptian corn. They settle down on the cornfields by the hundreds and help themselves to the ripening grain. So much of the grain is devoured some farmers declare they will never attempt to grow corn again. Farmers blaze away with shotguns at the flocks of birds, but that does not seem to do much good. The blackbirds are scared momentarily by the discharge of the guns, but they soon settle back practically in the same spot and go ahead with their feast on corn.

CAMPBELL SCHOOLS OPEN MONDAY

Registration for the 1926-27 classes of the Campbell Union High School is in progress today between the hours of 9 a. m. to 4 p. m., at the high school. Last years corps of teachers is returning and following is a list of their names and subjects which they teach:

D. H. Cramer, principal, algebra; C. E. York, vice principal, agriculture; Claribel Boesch, science-geometry; T. A. Cutting, geometry, history; Verna Darrow, English, Latin; Anna C. Dart, commercial; Lois Gardner, home economics; Josef Halamicek, music; Ruby D. Howes, physical education, history; Harriet C. Hummel, English; Marian Jenkins, Latin, library; Kitty M. Johnson, drawing, English; R. E. Noddin, physical education, science; Violet Otterman, Spanish, history; A. H. Wegel, algebra, general science; W. E. Whitney, farm mechanics; Olga Weiss, school nurse.

The Campbell Union Grammar School will also open the same day with but very few changes in its faculty. The teachers and their assignments are as follows with Mrs. Weiss as nurse for this school too:

Ruth Henderson, kindergarten; Vertie Hostetler, low first grade; Margaret Singleton, low first grade; Emma Wilson, high first grade; Mildred Dunlap, low second grade; Mabel Keesling, high second grade; Ruth C. Bradley, low third grade; Marion Plumm, high third grade; Bernice Saveker, low fourth grade; Mabel Davidson, high fourth grade; Frances Swane, low fifth grade and physical education; Maude Sourisseau, high fifth grade and basketry; Dorothy Merriman, low sixth grade; Dorothy McCracken, high sixth grade; Helen Nielsen, arithmetic, music; Ora Jasper, English, reading; Hancie Naylor, geography, art; Mary Fablinger, history, civics and agriculture; Edward Towner, band and orchestra; Rowena Farman, domestic science, homemaking, cafeteria; Mrs. J. W. Bunt, dietician; I. R. Abbott, district superintendent.

Those teachers who do not live here have been arriving this week and everything promises to start off auspiciously Monday.

Henry Debban, orchardist northwest of Woodland, has begun the raising of turkens, a cross between a hen, turkey and pheasant. Debban reports that the seven hens and rooster which he started with now have fifty little turkens. The meat is better for eating than chicken, being firmer and sweeter. The turken is more robust, and Debban believes is a better producer than a chicken.

The shipment of grapes from Napa county began last week and now carloads of grapes are leaving Napa daily for the markets of Chicago, New York and Philadelphia. On account of the unusually warm weather the grapes are a full two weeks earlier than usual.

H. T. Mason, Lodi vineyardist, won the special $75 prize offered by the Lodi Business Men's association for the three best crates of Tokay grapes at the county fair.

Present incidations point to a record crop of cotton being harvested in Glenn county this season. R. H Raines, who has more than 500 acres planted to the crop near Willows, estimates that production will average between one and two bales to the acre.

Harvesting of the almond crop is in full progress in the Arbuckle district. Indications are that the crop will be the largest ever recorded, at least 300 per cent greater than that of a year ago. It is estimated 12,000 tons will be shipped.

Records are still being broken at the Libby, McNeill and Libby cannery at Gridley, Butte county. The largest pack in the history of the plant has been made so far, one day 203 tons of peaches being packed.

With the approach of the grape harvest in Sonoma county, very few contracts have been made for sale of the crop. There seems to be a hesitancy on the part of buyers to offer figures to the growers. The latter are not strong this year for shipping their grapes on consignment.

TO BUY 20,000 BOXES OF PRUNES FOR ADVERTISING

At a well attended meeting of Santa Clara County Consolidated at Campbell held in the picturesque library of "The Orchard City" on Tuesday, Chairman W. P. Powars of San Jose outlined the tentative plans of the Annual Prune Week Committee.

Prune Week this year will be held November 21-27, Powars stated. Already the California Prune and Apricot Growers Association are preparing select prunes for this annual advertising effort of the Consolidated and it is expected that the usual large demand for five-pound boxes to send to eastern friends will prevail. Twenty-Thousand boxes purchased at sixty cents will be ordered and distributed by Consolidated, working under the direction of Chairman Powars. Last year over 10,000 boxes were sold and the demand was so great that it is expected little difficulty will be experienced in disposing of 20,000 this year.

The prunes will be packed in redwood boxes, typical of California, and each city and town in the County will be represented by a prune recipe named after it and contained in a small advertising folder in each box. The beautiful label on the outside of the box will state: "Santa Clara Valley Prunes, Packed under the direction of the Santa Clara County Consolidated Chambers of Commerce."

The twelve chambers of commerce in the county will handle the distribution in their respective communities.

The Prune Week Committee is composed of W. F. Powars, W. M. Denhart of Los Altos, F. C. Stanfield of Gilroy, Ray W. Smith of Palo Alto, G. E. Farley of Campbell, J. M. Gillogly of Sunnyvale and Major H. S. Hostetter of Los Gatos.

President Hedegard of the Campbell Chamber of Commerce welcomed the members to Campbell and stressed the fact that Campbell was the actual center of Santa Clara Valley.

Dr. W. I. Merrill, Chairman of Consolidated Sanitation Committee stated that the much awaited decision by the State Supreme Court had been handed down Augus 16th, legalizing the Consolidation of corporated and incorporated communities in forming a single sanitation district in this Valley. This paves the way, Dr. Merrill stated, for his committee to prepare a resolution to present to the Board of Supervisors as regards a survey for the much needed Sanitation District in the Valley. The cost of such a district will be very low, according to engineers, because of the natural sloping topography of the district.

On behalf of Campbell and their high regard for Wendell Thomas, C. H. Whitman presented a very fine cake to Mr. and Mrs. Thomas.

The next meeting of the Consolidated wil be held at Santa Clara October 5th.

Those present were: S. N. Hedegard, E. R. Kennedy, C. H. Whitman, Fred V. Clancy, D. H Cramer, G E. Farley, B. O. Curry, and Dr. W. I. Merrill of Campbell; Major H. S. Hostetter and Mrs. Isabel L. Colbath of Los Gatos; A. L. Baker and J. V. Manfredi of Mt. View; Mr. and Mrs. Ray W. Smith, Mrs. Harriett Tyson and Miss Dana E. Bernwiller of Palo Alto; W. F. Powars, Wendell C. Thomas and Russell Pettit of San Jose; Dr. W. I. Wilcox of Santa Clara; W. K. Roberts, W. K. Livingston, J. H. Fahey, Wm. McLaughlin and J. M. Gillogly of Sunnyvale; Miss Laura N. Scott and Mrs. Chas C. Bell of Saratoga.

INVITATION TO THE HIGH SCHOOL P. T. A.

A cordial invitation is extended to all High School parents to attend the first meeting of the High School P. T. A., which occurs Tuesday, September 14th in Miss Gardner's room at the Main building. If you are interested, ask a mother to attend with you and plan to be there at 2:30 as important business is to be discussed and plans perfected for the coming year. You will be pleased to see the beautiful silk flag outfit installed by the club in the Assembly Room. Come early and we can close early.

CONSTITUTION WEEK (Sept. 12-18)

"Constitution Week" was promulgated four years ago by the Constitution Anniversary Association, which we understand to be a non-profit association to foster respect in and observance of the United States.

An interesting bulletin has been issued, pointing out some vital facts in relation to the period at which this "greatest governmental document ever struck off by the hand of man" was finally adopted.

The Constitution was signed 139 years ago on September 17. Among the salient points recorded are:

That when the Constitution was signed this country was in a condition of bankruptcy, chaos and anarchy.

That within five years thereafter came about one of the most hopeful conditions for orderly progress in all history.

That the men who formulated and wrote the Constitution were the ablest group of statesmen from the standpoint of capacity, courage and character who have ever met together for governmental achievement.

That the division of power into legislative, executive and judicial departments under a well devised plan of combining proper independence and yet helpful co-operation between those departments was a stroke of genius that made possible a scientific administration of government.

The Constitution is well worthy of a week devoted to its study, and observance of its principles and beneficient influence which have spread throughout the civilized world.

SAFETY IN AIRCRAFT

Until the element of safety is greatly increased the people will not taket up flying as a common means of transportation. The hopeful outlook is that airplanes are becoming safer, and with such revolutionary changes that hundreds of the "latest type" army planes are now obsolete. Auxiliary motors, parachutes, studier construction and stricter regulations regarding the human element are contributing to the near success of air travel for commerce and pleasure.

Holding one's community back because of fear of more competition never built a city, nor a nation, nor a business, nor a strong character out of the man who practices the false logic.

By studying the questions that come before the community, whether political, social or economic, one learns to better his own condition and enhance his welfare along the lines of the proposed measures of progress and development.

WHAT'S IN A NAME? AGAIN

Members of Angeles Temple, Los Angeles, have passed resolutions condemning the way the Los Angles papers have handled the story of the alleged kidnaping of Aimee Semple McPherson, and requesting that her first name be not used alone in headlines. Well, the kidnappers got nothing out of the deal, and Aimee says she has not received any benefit from the publicity, so if the newspapers make a celaning on it what's the odds? As to the use of her first name in headlines, the resolutors ought to know that head-writers like short, snappy words. Usually when a person is addressed by his Christian name it is a mark of fellowship and kindness; but in this case the too familiar "AIMEE" has aroused a sense of ridicule which, be it right or wrong, hurts the feelings of the evangelist's ardent followers. Probably they're afraid some over-worked headline writer might simply call her "Mac."

STRONG MEN'S TASKS

Indications point toward Gen. Lincoln C. Andrews remaining at his post in charge of Prohibition enforcement. Under the criticism attached to his office and with limited facilities with which to carry on the work, it is more or less a showing of strength to remain. Many men have resigned from burdens much less arduous. Andrews probably will remain on the job long enough to find out what the next Congress does for Prohibition enforcement. If the next Congress is too wet he will quit.

Miss Alice Joy returned to Coalinga this week to resume her drawing classes in the city schools.

The Grammar School Cafeteria will open Monday with school that the children may have their hot lunches.

Misses Verna Cutting and Laura Blaine will go to the Oregon Aggie College at Corvallis this year commencing work next week.

Mr. and Mrs. T. H. Stuart of San Diego are house guests of Dr. and Mrs. W. I. Merrill this week. Mr. Stuart is in the government civil service connected with the naval base in the south.

Harold Cramer and Bernard Robson are enjoying the sights in Yosemite this week while resting up for the coming strenuous school year.

C. C. Hall, who was born 71 years ago on the Hall ranch in Alexander valley, Sonoma county, is dead at his home near Healdsburg. Hall took one of the leading parts in prune and hop growing in Sonoma county and for many years was identified with its agricultural and horticultural development.

The first shipment of grapes for the season went out from Oakdale recently, two cars to Chicago, one to San Francisco, and one to Nevada. Almond shipments have also begun, the first for the east going to the Chicago market. In addition four cars have been shipped to Sacramento for shelling.

Anticipating Opportunities

There are three faithful friends—an old wife, an old dog and ready money. — Poor Richard's Almanac.

In every man's life there comes a time when a little ready money will open the door to financial success, or the lack of It prevent a realization of splendid opportunities. Prepare now for the day when opportunity presents itself, by opening a savings account in the Mercantile Trust Company of California, and adding to it regularly. Four per cent interest compounded semi-annually is an aid that works untiringly in creating a substantial balnnce.

Town Tales Tersely Told

C. H. Davidson is suffering with rheumatism after a siege of flu.

Mr. and Mrs. E. R. Porter are guests of Mr. and Mrs. C. B. Miracle at Lake Tahoe.

Miss Margaret Blaine has gone to Paso Robles to begin her school work Monday.

Other delegates to the conference are Miss May Farley, Ira Bogert and N. G. Finley.

Miss Alice McCaughey left Thursday for Corona where she will teach again this coming year.

Miss Sadie Maxson and nephew Harold Maxson, went down to Los Angeles Friday for a few days visit.

Miss Winnie Grizzle left yesterday to take up her duties as teacher in the Apple Gate School near Medford, Oregon.

Miss Olive Hanger left yesterday for Stockton where she will resume her studies as a sophomore at the College of Pacific.

Stephen Merrill came home from Paso Robles Wednesday after enjoying a real vacation with his uncle "my Ralph" Cookson.

We are pleased to note that Shaskie Shumway is getting his radio shop in trim for the big "Worlds serious" and other long distance stuff.

Gilmore Duncan has leased his home in San Leandro and will enter Stanford University this semester, planning to take the four years course.

Mrs. Olga Weiss who has been visiting in Seattle and other points in the northwest returned this week and is ready to resume her work as school nurse.

Cards were received this week from Miss Lois Gardner who was sight seeing in Cuba and Dixie. She is expected home this week to begin her school duties Monday.

Miss Jennie Loveless who makes her home with Miss Myrtle Arnott, and graduated from the State Teachers at the summer session will open the Burrell School, Monday.

Wayne Davis was the victim of an auto thief Saturday evening when his essex sedan was stolen from the streets of San Jose, but was later recovered where it had been abandoned.

T. A. Robinson, genial right bower at the Whitman hardware Store, is enjoying his annual vacation, doing his stuff by the sad sea-waves at Sandy Cruz this week and about home next.

Mr. and Mrs. Geo. Schuyler left Tuesday for Pacific Grove where they expect to remain thru the winter. Mr. Schuyler is foreman on a construction job there and Allan has already entered the high school.

Campbell voters turned out a very pleasing vote for our local men considering the little publicity and work done for them. For Constable Geo. Barnes received 165 votes and for Justice L. M. Beall received 143.

Mrs. J. J. Donohue is here for a three weeks visit with her parents, Mr. and Mrs. F. E. Duncan. Mrs. Donohue has been in Oakland for some time where her husband is in charge of the Oakland Recreation Camp.

Robert Childs who has a case of scarlet fever is at the County Hospital and his sister Shirley is ill with measles. They are the children of Mr. and Mrs. W. C. Childs who have been here this summer, Mr. Childs assisting Station Agent C. E. Berry.

Rev. F. C. Farr is attending the Methodist Conference which is in session at Santa Cruz beginning yesterday and continuing to the fifteenth. It is at this time that the ministers are assigned to their various pastorates and as Mr. Farr has been here for six years, which is the longest term for any Methodist pastor here, he is not certain of his return.

IN MEMORIAM
—Charlotte Mendel—

The death of Charlotte Mendel which occurred at the San Jose Hospital on Tuesday, Sept. 7th, came as a shock to our entire community. Although she had not been in good health for some months, her death came suddenly, following an operation of serious nature, leaving a sense of irreparable loss to her family and to a large circle of friends.

Mrs. Mendel was born 57 years ago in Bolton, England, the daughter of the late Mr. and Mrs. Wm Johnston. Here she received her education and for several years was associated with her brother in conducting her father's business. In 1895 she married Thomas L. Mendel of Bolton, England, and a few years later, following the sudden death of a small son and daughter, sailed from England to make their future home in California and located here at Campbell, which town has since been their home.

She is survived by her husband Mr. Thomas L. Mendel, by her son Frank Mendel and grandson Walter of Palo Alto and several sisters and brothers in England to whom the deepest sympathy is extended. She was a member of the Episcopal Church, though since coming to Campbell attended the Congregational church, where with hearty handshake she was ever giving a happy greeting to friends or stranger and a kindly word to the sick or depressed.

The Order of the Eastern Star and The Country Woman's Club were other activities which she thoroughly enjoyed and faithfully attended until ill health caused her to give up outside duties. Cut off as she was in the zenith of a successful, happy life, is it not the thought in minds of all of us that she has been called to a plane of larger life and of higher service which by faith we see as the fulfillment of all that we yearn and strive for here.

And if character is the consummation of destiny may we not look upon the life of this dear departed friend that has gone hence as having accomplished in its shortened span—the purpose of existence.

Mrs. Mendel loved a life of service and her last moments in her home were spent in planning for the comfort and happiness of her loved ones. Loyal to her home and to her friends, kindly and charitable in her attitude towards others, making the best use of her talents and ability—her life speaks to us who mourn the passing of a dear friend, of the things worthwhile; of a higher purpose, of a courageous outlook and a Christian Ideal.

Let us try to lift up the torch that has fallen from her helpless fingers and hold it high in a world that needs its light.

(A Friend)

John Duncan and Irv Townsend motored to Yosemite to do the hikes and sights this week.

Missions Sunday will be observed at the Congregational church Sunday morning, Sept. 12, by a short play at the opening of Sunday School at 9:45.

Campbell will liven up tonight when the high alumni will shoot a few baskets against a San Jose team. This will start the school spirit for the year, and Coach Noddin promises a real game.

Monday evening Joseph Bohnett suffered a partial stroke of paralysis of the right side, which chiefly affected his face. His scores of friends hope for a rapid recovery and that his genial countenance will soon be seen again among us.

Mrs. H. C. Clouser who returnede Tuesday from a second trip to Herrington, Dela., and the children who had been at Escalon are now occupying their home on South First Street. The A. C. Wade family who lived there for some time have moved to Porterville.

F. C. Collings and family of Hollywood have arrived and taken up residence in the C. H. Whitman house. Mr. Collings is a painter and paper hanger of wide experience and comes well recommended in his line. He has already begun work and with the constant building and improvement in the community he will doubtless be kept busy. Mrs. Collings has lived in the county before, being a San Jose school girl, and their three children will be near Grandpa and Grandma.

The following item appearing in the Sept. 4 issue of "The Dearborn Independent" scarcely needs any comment. It certainly sets one to thinking, and wondering, "why?"

In New York City the visitor sees armored cars with machine guns and armed guards transporting valuables in the financial district. In London he sees five millions of gold consigned to the Bank of England driven on an open dray without a single guard, and only a tarpaulin over it.

The total peach pack for Tulare county has been estimated at 16,000 tons, or about 555,000 cases. The peaches are declared by experts, to be the best grown in the San Joaquin valley in many years. The return in fruit alone from the peach crop this season will represent about $2,000,000 while the amount canned will be about 75 per cent of the total crop. About $300,000 is being paid in wages to employees. The return from the canned product of the county will probably be around three millions, although much of this will not come back to the county for distribution. The close of the peach canning season is not expected before the 10th of September.

Josephine R. Rogers Thanks S. C. Voters

To the Voters of the 44th Assembly District: To those of you who supported my candidacy in the recent primary election my gratitudee is deep and abiding.

I realize you were not casting your ballots for me but for the great principles for which I stand: Democracy, freedom from fractional control, human welfare and better government.

The strength of the independent voter in this campaign has amazed the politicians. Our vote was 3630 to 7751.

From each of my three campaigns I have emerged with an increased faith in and love for humanity.

Earnest souls intent upon a patriotic purpose served voluntarily as campaign workers. To them we are forever indebted.

Again, dear voter, may I express my appreciation and gratitude for your loyal support.

Langford Thanks Voters of County

TO THE VOTERS OF SANTA CLARA COUNTY:-

Not being able to see in person the several thousand known and unknown friends who gave me their support and votes in the recent Primary campaign and election, I must take this means to thank them for the wonderful way in which they backed me up in my efforts to be elected County Auditor of this county.

I can only promise them to so conduct myself and the office to which they elected me that they will not regret having given me such splendid support.

I also wish to take this opportunity to express my appreciation of the fine gentlemanly way in which my opponent conducted his campaign against me.

ARTHUR M. LANGFORD

RAY F. LUNDY

I am taking this means of saying "thank You" until such time as I can meet and thank personally all who at the primary election supported my candidacy for the office of Tax Collector and to solicit your continued support and that of your friends at the general election in November.

It was my first campaign for public office, the friends and experience I have gained in the preliminaries give me assurance of victory in the finals.

Sincerely,
RAY F. LUNDY.

NOTICE OF SALE OF SCHOOL PROPERTY

BE IT RESOLVED, ordered and declared by the Board of Trustees of Cupertino Union School District of the County of Santa Clara as follows:

That it is the intention of said Board to sell the following described real property belonging to said Cupertino Union School District, which said property is situated in the County of Santa Clara, State of California, and is particularly described as follows, to-wit:

Beginning at a point where the southerly boundary line of the land of the Doyle School District intersects the easterly line of Tantau Avenue and running thence S 0 degrees 39 minutes E. along the said easterly line of Tantau Avenue a distance of 30 feet to a point; thence N. 89 degrees, 34 minutes E. a distance of 249 feet to a point; thence N. 0 degrees 39 minutes W. a distance of 30 feet to a point in the south-east corner of the land of the said Doyle School District; thence S. 89 degrees 34 minutes W. a distance of 249 feet to the point of beginning. Courses true. The above described real property containing 0.171 acres, more or less, and being a strip of land 30 feet wide, parallel to and lying adjacent to the southerly boundary line of the land of the Doyle School District and being a portion of the lands formerly of Elizabeth McLeod in the Quito Rancho, County of Santa Clara, State of California, together with all and singular the tenements, hereditaments and appurtenances thereunto belonging or in any wise appertaining.

That said real property with the appurtenances and improvements will be sold for the minimum price of $100.00, purchaser to pay for abstract or certificate of title, and the 28th day of September, 1926, at eight o'clock p. m. of said day at the school building of said Cupertino Union School District situated in said district, be and they are hereby fixed as the time and place for public meeting of said Board of Trustees, at which sealed proposals to purchase said property will be received and considered, and such sealed proposals are hereby invited and will be received and considered at said time and place, the board reserving the right to reject any and all such proposals.

Be it further resolved and ordered that this resolution be published once a week for three successive weeks previous to said meeting in the Interurban Press, Campbell a newspaper of general circulation, published in said County of Santa Clara, there being no such newspaper published in said Cupertino Union School District, and that no other or further notice of said meeting need be given.

Passed by the Board of Trustees of said Cupertino Union School District this 31st day of August, 1926, by the following vote:

Ayes: Trustees I. A. Ball, H. H. Moser, J. L. Haskins, Warren E. Hyde.

Noes: Trustees.

Absent—Trustee C. R. Forge.

Attest: Warren E. Hyde, Clerk of said Board.

Important Announcement

TRANSCONTINENTAL TELEPHONE SERVICE CHANGES

Effective October 1, 1926

Reduction in Transcontinental Rates

Substantial reductions will be made in Transcontinental rates, for example, the day station-to-station rate between Los Angeles and Chicago will be $7.70 instead of $11.10; between Los Angeles and New York $10.75 instead of $15.65; between San Francisco and Chicago $8.25 instead of $11.90; between San Francisco and New York $11.30 instead of $16.50.

Reversed Charges on Transcontinental Station-to-Station Calls

Heretofore the reversal of charges has been available only on person-to-person calls. As a further convenience to the public this privilege will be extended to Transcontinental station-to-station calls.

Longer Reduced Rate Period on Transcontinental Calls

Reduced rate hours for Transcontinental station-to-station calls will begin at 7 P. M. instead of 8:30 P. M., as formerly. Between 7 and 8:30 P. M. the discount will be approximately 25 per cent. of the Transcontinental day station-to-station rates; from 8:30 P. M. to 4:30 A. M., the discount will be about 50 per cent. of the day rates. Because of the unsatisfactory service conditions which it brought about, the existing midnight discount will be discontinued on Transcontinental calls.

The net result of these rate changes will be a saving to the telephone users of the United States of approximately $3,000,000 a year. The service changes are made in the interests of public convenience, to relieve the burden now imposed by the congestion of business at midnight and to furnish still better service over the Transcontinental lines of the Bell System.
